EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lois Cartier on 6/21/05.

The application has been amended as follows: in claim 1, line 29, "a first" has been deleted, in claim 2, line 11, claim 3, line 2, claim 5, line 2, claim 7, line 11, claim 9, line 2, claim 10, line 2 and claim 16, line 12, "first" has been deleted, in claim 11, lines 4 and 5, "another" has replaced "a second one" and in claim 12, line 12, "the" has been inserted before "one".

The following is an examiner's statement of reasons for allowance: None of the references of record teach the three comparators of claim 1 with a first hysteresis circuit, the method of claims 25 including the step of "continuing to report, when the first binary input assumes a first new value, that the first and second binary values are equal", the means of claim 30 that continues to report "when the first binary input assumes a first new value, that the first and second binary values are equal", the steps or means of "continuing to report, when the first binary input value increases to a first new value, that the first and second binary values are equal" and "continuing to report, when the first binary input value decreases to a second new value, that the first and second binary values are equal" as recited in claims 34 and 39. It is generally noted

Art Unit: 2816

that the prior art hysteresis comparators indicate which input is larger rather than indicating that inputs are equal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
